

API-U Lead Auditor Training Course Details

August 24, 2022

Overview

This course provides participants with a firm understanding of the auditing process, how to prepare, plan, and execute Internal Audits; and how to lead a team of Internal Auditors.

The 3-day API-U Lead Auditor course is a 1-day extension to the 2-day API-U Auditor Fundamentals training course.

This course, accredited by IACET, was created by the American Petroleum Institute (API) and is distributed solely by authorized training providers such as Mireaux Management Solutions, under royalty contract agreement with API. Find [Mireaux](#) on API's official website.

Learning Objectives

By the end of the course, participants should have attained knowledge and understanding of the following concepts:

- Roles and responsibilities of Internal Auditors
- Establishment of an Audit program
- Planning, and execution of Internal Audits
- How to write clear nonconformities and effective Internal Audit reports
- How to lead a team of Auditors

Prerequisites

The API-U Lead Auditor training course does not have any prerequisite courses.

For individuals with little or no previous knowledge of management systems who would like to maximize their knowledge; we recommend Mireaux's Fundamentals of Document Control class as a preamble and introduction to management systems.

Summary Agenda

The topics in this course include:

- Foundation of Auditing
- Audit Program Design
- Auditor Competencies
- Performing the Audit
- Audit Reporting
- Writing Effective Nonconformities Audit Team Leader Competency and Requirements
- Responsibilities of Audit Team Leader
- Detail Overview and Practice of the API Q1 and API Q2 Auditing Checklists
