

API Q2 Implementation Training Course Details

November 15, 2021

Overview

The 3-Day API Q2 Implementation training course provides a deep look into the API Q2, 2nd Edition Specification for Quality Management System Requirements for Service Supply Organizations for the Petroleum and Natural Gas Industries.

This course has been designed by Mireaux Management Solutions based on years of experience implementing API Q2 Quality Management Systems, auditing Quality Management Systems, and training on API Q2. This course focuses on two areas:

- Background and application of API Q2, 2nd Edition.
- In depth overview of each clause of the API Q2, 2nd Edition Specification for Quality Management System Requirements for Service Supply Organizations for the Petroleum and Natural Gas Industries, explaining what the specification says, how to implement the specification in the real world, and how to audit it.

The course is filled with practical exercises and real application examples, to help participants develop a hands-on understanding that will facilitate the implementation of a world-class Quality Management System.

Learning Objectives

By the end of the course, participants should have attained knowledge and understanding of the following concepts:

- Industry Applicability of the API Q2 specification.
- How to apply the Process Approach to identify the organization's core and support processes.
- The necessary steps to:
 - Implement a brand new Quality Management System based on API Q2.
 - Upgrade an existing Quality Management System from ISO 9001 to API Q2.
- Each of the API Q2 Specification's clause requirements, how to implement each of these clauses in the real world, and how to audit them.
- The APIQR registration and certification process.

Prerequisites

The API Q2 Implementation training course does not have any prerequisite courses.

For individuals with little or no previous knowledge of API Q2 or Quality Management Systems, who would like to maximize their knowledge; we recommend Mireaux's Fundamentals or Advanced Document Control course as a preamble and introduction to management systems, followed by an ISO 9001:2015 course (Implementation or Internal Auditor).
