

ISO 14001:2015 and ISO 45001:2018 Implementation Training Course Details

November 15, 2021

Overview

The 3-Day ISO 14001:2015 and ISO 45001:2018 Implementation training course provides a deep look into the ISO 14001:2015 Environmental Management System standard and the ISO 45001:2018 Occupational Health and Safety (OH&S) Management System standard, focusing on two areas:

- The foundation of ISO 14001:2015 and ISO 45001:2018 based on the common framework: High Level Structure (HLS), common text, and common terminology adopted by all ISO standards.
- In depth overview of each clause of the ISO 14001 and the ISO 45001 standards, drawing parallels between the two standards and explaining what the standards say, how to implement the standards in the real world, and how to audit them.

The course is filled with practical exercises and real application examples to help participants develop a hands-on understanding that will facilitate the implementation of a world-class Environmental/OH&S Management System.

Learning Objectives

By the end of the course, participants should have attained knowledge and understanding of the following concepts:

- The common framework of the ISO management system standards, including the High Level Structure, common text, and common terminology.
- How to apply the Process Approach to identify the organization's core and support processes.
- The necessary steps to implement a brand new Environmental/OH&S Management System.
- Each of the ISO 14001:2015 and ISO 45001:2018 standards' clause requirements, how to implement each of these clauses in the real world, and how to audit them, including:
 - How to determine the impacts and aspects within the context of the organization as well as within the organization's processes.
 - Consultation and Participation of Workers.
 - Hazard identification.
 - How to determine the risks and opportunities within the context of the organization, the aspects, the hazards identified, as well as within the organization's processes.
 - How to determine the legal requirements and compliance obligations and how to evaluate the compliance obligations.
 - Identification of Emergency Situations and the development of plans to prepare for such.
- The certification process.

Prerequisites

The ISO 14001:2015 and ISO 45001:2018 Implementation training course does not have any prerequisite courses.

For individuals with little or no previous knowledge of ISO 14001/ISO 45001 or Environmental/OH&S Management Systems, who would like to maximize their knowledge; we recommend Mireaux's Fundamentals or Advanced Document Control course as a preamble and introduction to management systems.

Summary Agenda

The topics in this course include:

- Background and History of ISO
- Environmental and OH&S Management Principles
- The Common Framework of the ISO Standards
- Structure of ISO 14001:2015 and ISO 45001:2018
- The Process Approach
- About Certification
- Detail overview of the ISO 14001:2015 and ISO 45001:2018 standards:
 - Clause 4: Context of the organization
 - Clause 5: Leadership
 - Clause 6: Planning
 - Clause 7: Support
 - Clause 8: Operation
 - Clause 9: Performance Evaluation
 - Clause 10: Improvement

Training Methods and Requirements

This course can be delivered via:

- Public Training via **Live Stream**
- Private Training at your facility, via **Live Stream**, or both

Live Stream Participants will need the following tools to effectively complete this course:

- Computer or laptop with MS Windows software or operating system compatible with MS Teams
- Audio and Visual equipment (i.e., webcam, microphone, headset, etc.)
- Strong Internet Connection

Course Materials

Participants will receive printed comprehensive reference material, including:

- Training Course Workbook
- Workshops
- Training copy of the ISO 14001:2015 standard
- Training copy of the ISO 45001:2018 standard

Live Stream: Training course material will be shipped to participants, 3-5 days prior to the start of training, to the shipping address provided at the time of registration.

In-Person: Training course material will be provided to participants on the first day of the class.

Duration and Course Hours

The duration of this course is three days, as follows:

- Day 1 8:30 AM to 4:30 PM (CST)
- Day 2 8:30 AM to 4:30 PM (CST)

- Day 3 8:30 AM to 4:30 PM (CST)

Successful Completion of Course and Test

Participants' successful completion of the course is determined by:

- Active participation and completion of workshops administered at various stages of the class.
- Completion of Test.

Certificate and Continuing Education Units (CEUs)

A Certificate of Completion is provided to all participants upon successful completion of the course. The Certificate awards a total of 2.1 CEUs to participants who attend the entire duration of the course and pass the Test with a minimum score of 70%.
