

API Q1, 10th Edition Fundamentals Training Course Details

February 27, 2024

Overview

Created by the American Petroleum Institute (API), the 2.5-Day API Q1, 10th Edition Fundamentals course, teaches the stringent requirements of the API Specification Q1, 10th Edition: Specification for Quality Management System Requirements for Manufacturing Organizations for the Petroleum and Natural Gas Industry.

This course offers an in-depth look at the API Q1 standard, clause by clause, providing interpretation from API's perspective, and focusing on each of the detailed requirements for documentation, implementation and record keeping.

Using "Think About It's", practical activities, and group workshops, this course helps attendees develop a hands-on understanding that will facilitate the successful implementation of a best-in-class Quality Management System certified to API Q1.

This course, accredited by IACET, was created by the American Petroleum Institute (API) and is distributed solely by authorized training providers such as Mireaux Management Solutions, under royalty contract agreement with API. Find [Mireaux](#) on API's official website.

Learning Objectives

By the end of the course, participants should have attained knowledge and understanding of the following concepts:

- The background and objectives of the API Specification Q1
- Each of the API Q1 clause requirements
- The new requirements of the API Q1 10th Edition

Prerequisites

The API Q1, 10th Edition Fundamentals training course does not have any prerequisite courses.

For individuals with little or no previous knowledge of API Q1 or Quality Management Systems who would like to maximize their knowledge; we recommend Mireaux's Fundamentals of Document Control class as a preamble and introduction to management systems, followed by an ISO 9001:2015 course (Implementation or Internal Auditor).
