

ISO 14001:2015 Internal Auditor Training Course Details

November 10, 2024

Overview

The 3-Day ISO 14001:2015 Amendment 1 Internal Auditor course encompasses the following:

- Mireaux's 2-day ISO 14001:2015 Implementation course
- 1-day Internal Auditing Techniques

The course is essentially two days of hands-on training on the ISO 14001 Environmental Management Systems – International standard, plus one day of training in auditing techniques. This course focuses on three areas:

- The foundation of ISO 14001 based on the common framework adopted by all ISO standards: the High Level Structure (HLS), common text, and common terminology adopted by all ISO standards.
- In depth overview of each clause of the ISO 14001 Environmental Management Systems – Requirements, International Standard, explaining what the standard says, how to implement the standard in the real world, and how to audit it.
- The fundamental requirements to create an Internal Audit Program and conduct Internal Audits in accordance with ISO 19011:2018, “Guidelines for Auditing Management Systems”.

A well-structured Case Study and Role-playing audit scenarios helps develop a hands-on understanding that will facilitate the implementation of an effective Environmental Management System and Internal Audit program.

Learning Objectives

By the end of the course, participants should have attained knowledge and understanding of the following concepts:

ISO 14001 standard
