

API Q2 2nd Edition 'Transition' Training Course Details

January 27, 2022

Overview

Created by American Petroleum Institute's API-U division, the online API Q2 2nd Edition 'Transition' course, highlights the updates in the new API Specification Q2 2nd Edition: Specification for Quality Management System Requirements for Service Supply Organizations for the Petroleum and Natural Gas Industries, with comments from members of the API standards committee, industry experts, and API registration program.

This course is distributed solely by authorized training providers such as Mireaux Management Solutions. Find [Mireaux](#) on API's official website.

Learning Objectives

Attain knowledge and understanding on the updates from API Q2 1st Edition to the API Q2 2nd Edition standard.

Prerequisites

The API Q2 2nd Edition 'Transition' training course does not have any prerequisite courses. However, for individuals with little or no previous knowledge of API Q2 or Quality Management Systems who would like to maximize their knowledge, we recommend taking API Q2 Fundamentals or Practitioner training courses provided by Mireaux via [Live Stream](#).

Summary Agenda

The topics in this course include:

- Drivers to Requirement Changes for the 2nd Edition
- Summary of Major and Minor Changes to the 2nd Edition
- In-depth Review of Major Changes
- Impact of 2nd Edition on API Monogram Program

Training Methodology and Materials

This course is delivered [Online](#) and is [Self-Paced](#). The average duration of this course is 2.5-3 hours depending on your pace.

Participants receive online Training Course Presentation in PowerPoint and Training Course Videos, that can be referenced at any time.

Certificate

Participants' successful completion of the course is determined by the completion of a Test. A Certificate of Completion is provided to all participants upon successful completion of the course.
